**THE KANSAS**

---

### MEDICS ARE READY

**PLAYERS ARE PRACTICING HARD EVERY DAY.**

**First Game Will Be Played at Topeka, September 29, With Washburn College—First Game Here is With Ottawa.**

The Medics had an exciting practice game at Emporia last night and two teams reported for duty. Coach Morris is working the men hard, notwithstanding the hot weather, and the men will be in the condition for their first game at Topeka on the 29th inst.

One of the best players who has appeared for practice is playing under the assumed name of "Johnnie." He played on Lehigh University two years ago, and is such a promising player that Captain Miller says that he can make any position on the team. "Johnnie" weighs 175 pounds and can run 100 yards in 15.50. A. Smith, who promised to be a good tackle, will likely make the first team, as he is under weight.

Bertie, who will probably play one of the centers, has a bad ankle, but it is believed that it will not handicap him in the game.

The first game that the Medics will play will be with Washburn college at Topeka, on the 29th inst. The first game played in Kansas City will be with Ottawa, on October 6. The Ottawa team was defeated by the Medics last year by a score of 29 to 6. Eddie Pedler, the ex-Medic, is coaching Ottawa this year and says that he is coming here with "blood in his eye." From all indications it will be a close game.

**Haskell 5, Ottawa 0.**

**LAWRENCE, KAN., Sept. 22—(Special.)** The first football game of the season was played here today. The opposing teams were the Haskell Indians and Ottawa university. The game was in only fair condition. The Indians have been in training about a month, while the Ottawa men have spent only about ten days in practice. The Ottawa men are a first-class team and looked splendid.

The weather was extremely warm for football and the ground was in poor shape, being uneven and hard.

**Final ball**—The Indians kicked off. Ottawa dropped the ball on the twenty-five yard line, then punned. Augustus, for Haskell, made the first good gain for an end run of twenty-five yards. The ball was con-
