The Khrushchev “thaw” is an unofficial name of the period in the history of the Soviet Union. The expression “thaw” comes from the title of the short story written by Il'ya Erenburg, “The Thaw,” in the Komi Autonomous Soviet Socialist Republic (now Komi Republic, Russian). The thaw period included the disclosure of Stalin's cult of personality, Gagarin's space flight, “Khrushchyovkas” (Khrushchev-era apartments), and the death of the archetypal Russian villain. The cold war is once more a subject of interest for film and television. In Russian, the term is Khrushchovskaya Ottepel or simply Ottepel. Writing about the Thaw—the epoch generally associated with the post-Stalin period in the Soviet Union—has a rich background in Russia, which the ‘thaw’ lasted for a brief period of six years, from 1956 to 1964. This was one of the breeding grounds for Conceptualism in Russia, which we will discuss. The thaw began in literature, a surrogate of politics throughout Russian history.
