

History of Clearing (Classic Lectures Series)

DEAN CARNEGIE PRESENTS...

Maro Prince of Magic - Lecture

Edward Maro is a name forgotten in time. He could have, and likely, should have been one of the greatest magicians of his era. However, tragedy struck and his life was cut short in 1908, at only 39.

During this lecture, you will learn more about this amazing man who history has nearly forgotten. You'll even see a few of the magic effects that made him so popular.

Harry Kellar, the biggest name in magic at the time, considered Maro one of the best performers alive! In fact, Kellar visited him regularly in the hospital during Maro's final days.

The MARO Prince of Magic - Lecture is great for historical societies, magic groups, and anyone wanting to learn more about this forgotten show business marvel!
